

# EXECUTIVE COACHING

Fast tracking the development of your high potential people is not a luxury; it is a necessity to gain the advantage of what talented leaders can deliver to every business. Board Business has a unique coaching style which is targeted, personal and performance focused.

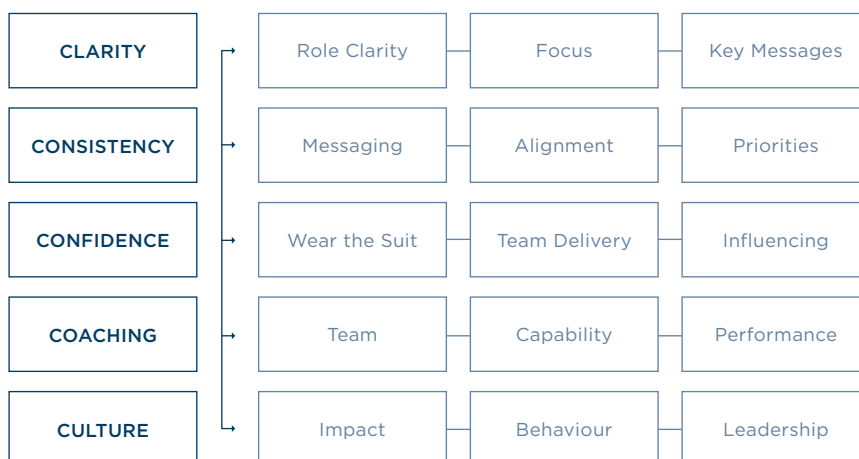

## OBJECTIVES

- Accelerate the performance of key Executives and Directors
- Successfully “onboard” Executives or Directors into new roles
- Position the individual for their next career step or career transition
- Partner Executive or Director through specific business phase or challenge

## OUR COACHING PHILOSOPHY

- Our role is to accelerate the performance of high potential individuals at work
- Successful performance coaching requires the provision of a safe, experienced audience to test, support, challenge and hold to account
- The focus must be on the performance issues that are key to driving organisation and individual success

## THE FIVE C'S OF ACCELERATED PERFORMANCE

## PERFORMANCE PARTNERING

Managed performance acceleration has become an essential element of every organisation's talent strategy.

Board Business partners individual leaders and organisations to deliver immediate business performance and to develop talent as a fundamental business asset.
